GUNN, MISS [Superintendent of Nurses, Toronto General Hospital] June 1919. (073)

538

June 2nd, 1919

Miss Gunn,

Superintendent of Nurses,

Toronto General Hospital.

Dear Miss Gunn:

I have just had a letter from Mrs. Thorne of Halifax asking me to speak to you a word in behalf of her daughter, Miss Golda Thorne, who is sending in an application to be allowed to enter the school of nurses at the Toronto General Hospital next autumn, and I am very glad to be able to support Miss Thorne's application.

I have known her mother and father since her childhood and I have also known their daughter. Her father was manager of the Union Bank at Halifax for many years, and the daughter must have had unusual home advantages which I should think would fit her admirably for nursing.

Yours sincerely,

President.
